

Edgewood *Edgewood Plus*

Our Program

Edgewood Plus was developed as a transitional step between Assisted Living and Memory Care, allowing residents with early cognitive concerns to remain as independent as possible for as long as possible. Edgewood Plus residents receive a higher level of guidance, attention and cueing from staff as well as more individualized life enrichment programming, to ensure they remain engaged and fulfilled within the Assisted Living community.

To simplify pricing structures, we offer three service level packages. A variety of services are grouped based on number and type of services needed and/or acuity. The type of service level package is determined with a Registered Nurse (or designee as determined per state regulations) who completes a total resident evaluation. Edgewood Plus rates are for a private studio apartment.
